#### IT'S YOUR KIDNEYS.

Don't Mistake the Cause of Your Troubles—A Frankfort Citizen Shows How to Cure Them.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back, they think that it is only a muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure those troubles or they lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Frankfort people testify to permanent cures.

Mrs. C. V. Webber, of 128 High Street, wife of C. V. Webber, blacksmith, says: "The dragging down pain in the small of my back was terrible. At night I suffered most, I fairly dreaded to go to bed, for the aching after I lay down was more than an ordinary mortal should be called upon to endure. I could hardly lie on my back at all, and if I attempted to turn to either side sharp twinges caught me in the small of my back, and as a result I have been awake for hours suffering torture, arising in the morning more tired than when I went to bed. A weakness of the kidneys, the secretions being irregular and distressing, had bothered me ever since I was a child. Not until I learned about Doan's Kidney Pills and procured a box at J. W. Gayle's drug store was I able to find anything that would give me relief. The use of this remedy gradually lessened the aching until it stopped, and good, sound, refreshing sleep followed. The difficulty with the kidney secretions was also greatly relieved. As a result my health was considerably better than it had been for months before I commenced the use of Doan's Kidney Pills."

For sale by all dealers. Price 25 cents. Foster-McBarn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

#### GIVE FRANKLIN COUNTY'S CANDIDATE A BOOST.

Miss Fannie Hunt Brawner, realizing that she could not win in the Courier-Journal's European Trip Contest (the vote from this county being divided), has withdrawn in favor of Miss Hattie

Scott, the handsome daughter of Col. Jas. A. Scott.

Now, then, let everybody put their votes in thick and fast in favor of this popular young Franklin county girl.

"A long pull, a strong pull, and a pull altogether," and Miss Scott will win.

#### THE BREATH OF LIFE.

It's a significant fact that the strongest animal of its size, the gorilla, also has the largest lungs. Powerful lungs means powerful organism. How to keep the breathing organs right should be man's chief study. Like thousands of others, Mrs. Ora A. Stevens, of Port Williams, O., has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. O. B. grand for throat and lung troubles. Guaranteed by all druggists. Price 50c and \$1.00. Trial bottle free."

#### INCREASED CAPACITY.

Owing to the increased demand for "Old Taylor, Bottled in Bond Whisky," the firm of E. H. Taylor, Jr. & Sons have been compelled to increase the capacity of their distillery. They are now mashing 450 bushels of grain daily.

#### RIGHT DOWN TO BUSINESS.

Mayor Woods, of Richmond, a Winner in His Fight.

Soon after his induction into office as Mayor of Richmond, Mr. Clarence E. Woods instituted an investigation of the city's financial status. Just about the time that the expert accountant, Mr. Garland, had begun to make a "good find," by some means the investigation was stopped on the ground of economy, it being asserted that "the result would not justify the expense."

Mayor Woods "got busy" right away, and, at last, has succeeded in getting the City Council to order the good work to reopen and proceed to a finish.

We give below a card which Mayor Woods has issued to the people of the city. It evidently shows that somebody is trying to cover up something. It is the card:

"I am indeed glad that the investigation of the affairs of Richmond is to continue to completion and that a system of book-keeping will be introduced so that taxpayers can find out without the aid of an expert accountant hereafter where and how and for what purpose \$10,000 of taxes are annually expended in this city. Under the resolution adopted last night by the Council the Mayor is empowered to employ Mr. Garland, of Lexington, or any expert whom the latter may recommend, subject to the approval of the Mayor. The sum of \$225 was specified as a lump sum which would be paid for the full completion of the work above outlined. I have already gotten in touch with my man, Mr. Garland's engagements preventing him from resuming the work which he had laboriously brought to a point where we were beginning to see daylight, when he was stopped on the plea of economy."

"Citizens remember, probably, that when the investigation was begun two months ago our expert went to work, not like an exam-

iner usually does with books wide open before him, but like a chimney sweeper climbing around in the dirty recesses of the old city hall vainly trying to first locate the records that represented an expenditure of half a million of the people's money! What did he find? Chances! Rubbish! Dirt! Fragments of information heaving out of the wreck, but missing minutes of the Councils for all years prior to '98 were not to be found; stubs of vouchers gone, altered checks, changed bills, confusion where there should have been order; bonds of city officers gone; receipts for money paid out for the city scattered, lost and missing altogether. That is what this administration had to examine! And because a failure being could not squeeze out a full and truthful report from the wreckage in a specified time, it was sent away and the effort made by some people here to discredit the whole investigation. Some people went so far as to actually threaten to sue the Mayor for paying out the salary of Mr. Garland as far as he went. Let that suit be filed, and I shall try my hand at suing! I think I know where I can force restitution to the taxpayers for thousands and if there is to be any suing, I am in the game right now! But their talk and bluster is a cold bluff, and I call it! I am willing to bury the past, but I refuse to be buried with it!

"I think that the people of Richmond have been paying \$2 per minute taxes for ten years, amounting to nearly \$500,000, and if it they don't want to pay \$800 to get rid of a rotten, costly, inefficient and dangerous system or no system at all, is all stuff. I know the people want relief, and I know the cheapest of all investments in any establishment is a well-kept set of books. What merchant denies that, and how many of them here have paid from \$500 to \$800 additional for a cash register simply to keep their little affairs square?"

"This is an age of investigation! It is cleaning up time everywhere! And if some of my critics and knucklers had read the signs of the times before this, this investigation would have been unnecessary. Every daily newspaper is full of 'Investigations of City Affairs,' 'Business Investigations,' etc."

"The people are tired of paying out and getting no reports! And an official who kicks at an investigation on any grounds in a good year of 1906, whether he is an official of Richmond, or Madison county, or any other place where money is taken for the privilege of drawing your breath and keeping your mouth shut, is not the stuff out of which trustees and guardians of public trusts should be composed. The highest service I can render here is to establish absolute publicity and openness of all our official acts. Once that is accomplished there will dawn a new era for this good old sleepy town, and we will get away from the haphazard past that has held us back in the race with our neighbors. That is what investigations do. They get first information, and then reconstruction follows like day follows darkness."

"The most profitable source of municipal graft, its secret hiding place, its most effective instrument in seeking immunity is the chaos which exists in the classification of municipal accounts and the absence of uniformity in book-keeping."

We would respectfully suggest that, as no legal reports have been made for a number of years, of our city's fiscal status, it would be a good time for Mayor Hume to "get busy" also.

"I suffered for months from sore throat. Electric Oil cured me in twenty-four hours." M. S. Gist, Hawesville, Ky.

### Why Buy McClure's?

McClure's Magazine is bought and read in homes not because it is a magazine, but because it is the magazine. Why?  
FIRST—THE PRICE. It costs but one dollar a year, or less than ten cents a number, for over thirteen hundred two-column pages of reading matter. This amounts in actual bulk to twenty or twenty-five books costing anywhere from a dollar to two dollars a volume.  
SECOND—QUALITY. The reading matter is written by America's leading writers—the best short story writers, the best writers on timely articles, the best writers of important serials, such as Schurz's "Romances of Baker's Railroad" articles.  
THIRD—TIMELINESS. The reading matter in McClure's is not only good; it is not only entertaining, amusing, instructive and inspiring—it is also about the subjects in which you and all Americans are most interested at the time. No subjects in the next twelve months are going to be so important as the question of railroad rates and rebates and the question of life insurance. Both of these questions will be discussed by authorities in an impartial, careful, interesting way.  
FOURTH—ITS CHARACTER. McClure's Magazine is not edited for children, but at the same time, there is never a line in it that any young girl might not read. Its advertising pages are as clean as the editorial pages.

## McClure's Magazine

In your home is intended to work only for good. Send \$1.00 today for one year's subscription, or have an order at your book-store. November and December free with new subscriptions for 1906.

S. S. McCLURE COMPANY, 47 E. 23d Street, NEW YORK.

You can earn a good income by taking up the business of securing subscribers for McClure's. It is clean and self-respecting—a publication any man or woman would like to represent. The pay is 25 cents for each \$1.00 subscription, in addition to big cash prizes for the best work. Write for full particulars.

Dr. Weaver's Treatment. Syrup for the blood; Cereate for skin eruptions.

### BEAUTIFUL LIFE BEAUTIFULY ENDED.

It is seldom that we hear of the passing away of one, not of our

own, which has so stirred our heart as was done by the announcement in Sunday's Lexington Leader, of the death of little Helen Frost, daughter of Mr. P. C. Frost and wife, of this city, which occurred as the result of an operation by a Cincinnati physician, on Saturday morning.

Though only nine years of age, the little lady was so wise that she won the admiration of all who knew her by the beauty of her person and character. Loving, tender, cheerful and happy hearted, it is one of the mysteries of Providential dealings that this idol of the hearts and home of her parents should be called.

To the grief-stricken parents we tender the tenderest sympathy of one who knew and loved their darling. May God comfort their hearts in this great sorrow.

### DON'T GET THE HABIT.

Intemperance is much of a habit, but not for the faint. Take a little Kodol Dyspepsia Cure after eating and you will quit belching, pulling, pulling and growling. Kodol breaks up your eat and makes the stomach sweet. Kodol is a thorough digestant and will absorb the food from any disorder due to imperfect digestion or indigestion of food. Sold by J. W. Taylor.

### STRANGE ADVICE!

Dr. C. G. Green gives alert personal attention to his great humanitarian contract.

In our Almanac for many years past we have given unusual advice to those afflicted with coughs, colds, throat or lung troubles or consumption. We have told them if they did not receive any special benefit after the use of one 75-cent size bottle of German Syrup, to consult their doctor. We did not ask them or urge them to use a large number of bottles, as is the case in the advertising of many other remedies. Our confidence in German Syrup makes it possible for us to give such advice. We know by the experience of over 35 years that one 75-cent bottle of German Syrup will speedily relieve or cure the worst coughs, colds, bronchial or lung troubles—and that, even in bad cases of consumption, one large bottle of German Syrup will work wonders. New trial bottles, 25c; regular size, 75c. At all druggists.

### SUDDEN DEATH OF COL. H. P. MASON.

Col. H. P. Mason, of the big contracting firm of Mason, Hoge & Co., was returning from a business trip to Virginia, on Monday last, and while on the C. & O. train, en route to his home, at Jotts, was stricken with paralysis of the right leg below the knee. A physician was summoned to meet the train at Lexington, who, after examination, reported that Col. Mason could stand the trip to his home, which was accomplished, and Dr. E. F. Hume, his family physician, summoned.

By the time Dr. Hume arrived Col. Mason had improved so much that the trouble was thought to be only temporary, and it was hoped he would soon be about again.

Things went on this way until Tuesday night, when a second attack produced heart failure, from which he passed away at 3 o'clock on Wednesday morning.

Col. Mason was born at Hanover, Va., and came to this State about 1870. He was interested with Col. Chas. E. Hoge, Capt. W. F. Dandridge, Mr. Gooch, the two Mosses, King, and a number of other gentlemen in contracting and railroad building. The accumulations from these matters he had invested in some of the finest farms in this section of the State, and he made his home at the handsome residence, known as Scotland, on the farm purchased from the heirs of the late Col. Robert W. Scott. It was, indeed, an ideal home, having cost Col. Scott about \$40,000 before the Civil War.

## Cured

### At 70 of Heart Disease Contracted During Civil War—Veteran Grateful.

#### Dr. Miles' Heart Cure Effected Cure.

Heart disease is curable, but in people of advanced age it does not readily lend itself to ordinary treatment. There is, however, hope for all sufferers in Dr. Miles' Heart Cure, which we know from watching hundreds of cases and from the letters of grateful sufferers, will cure where all else has failed. It is not only a wonderful cure for weak and diseased hearts, but it is a blood tonic, a regulator of the heart's action and the most effective treatment ever formulated for improving the circulation of the blood.

"During the Civil war I contracted heart disease, and in 1866, while living in the grand old town of Lexington, Va., I grew so much worse, I left there with my wife to visit my sister-in-law, Mrs. T. A. Kirby, at Roanoke, Va. While I said nothing to anyone I never expected to live to return to the dear old town. On reaching Mrs. Kirby's she insisted I should try Dr. Miles' Heart Cure. I procured a few bottles of it at Dr. Miles' and took it. After taking two or three bottles I could not get any more, and I was obliged to stop. I was so much better, I did. I improved, and began to feel like a new man. I was restored to perfect health and while I am 70 years old, I am comparatively a boy. You see, as a doctor, and I cheerfully recommend Dr. Miles' Heart Cure to suffering humanity."—J. L. STACORINS, Salem, Va. All druggists sell and guarantee first bottle. Dr. Miles' Remedies. ing cost Col. Scott about \$40,000 before the Civil War.

Col. Mason was a rugged and sturdy man only 66 years of age. He was warm-hearted and true to his friends. An indulgent and kind father and husband.

Something over a year ago he united with the Forks of Elkhorn Baptist Church (Old Harmony) and was baptized by Rev. John R. Sampey, D. D., the pastor, and has lived a consistent and earnest Christian life since then. He leaves a devoted wife, six sons (Robert, Claiborne, Silas, Samuel A., Horatio and Charles,) and three daughters (Mrs. Gilbert H. Mastin, Mrs. Lottie Payne and Miss Annie) to mourn his sudden call.

The funeral services were conducted by his pastor, Rev. John R. Sampey, D. D., on yesterday, and the remains were laid to rest in our cemetery.

### DISTINGUISHED JURIST DIES.

Judge Jas. H. Bowden, former judge of the Superior Court, died at his home in Russellville, on Tuesday, from the effects of a stroke of paralysis, sustained by him some months since, aged 72 years. Judge Bowden was an able and conscientious lawyer and judge, and was highly esteemed by the bar of the State when he sat as Judge of the Superior Court in this city.

During his incumbency of that office, which continued for two terms, he resided, with his family, in this city, and was universally popular.

He was a contemporary of the late Mr. D. C. Barrett, and a warm personal friend, they having worked together as young men in the old Louisville Democrat office, both being first class printers.

We tender to the bereaved family our sincerest sympathy.

### BADLY HURT.

Carroll Noonan, son of Mr. Chas. E. Noonan, was painfully injured, on Saturday afternoon, by being struck by a brick, thrown by a playmate, which hit him in the cheek and cut a considerable gash.

Dr. C. A. Fish was called and sewed up the wound. The lad is doing nicely. His playmate is greatly distressed at the occurrence.

### JUDGE PAYNTER'S BANQUET.

Largely Attended and Greatly Enjoyed.

On Tuesday night last Judge Thos. H. Painter, U. S. Senator-elect, gave a banquet to the members of the Legislature, Court of Appeals, and other invited guests.

There was a large attendance and great enthusiasm. Brilliant and eloquent speeches were delivered by Judge H. S. Barker, of the Appellate Bench, who acted as toastmaster; Gov. J. C. W. Beckham, Judge E. C. O'Rear, Senator J. Wheeler Campbell, Senator Henry George, Representative W. Reed Emory and Representative W. C. Hallbert.

The banqueters held forth until a late hour, and were delighted with the whole affair.

The following is the menu served:

Oyster Cocktail	Amantillado
Colony	Consomme
Olives	Salt Almonds
Broiled Spanish Mackerel	Sliced Cucumbers
Sweetbread Cutlets	Haut Sauterene
French Pens	Roman Punch
Stuffed Philadelphia Squab	Asparagus Tips
Saratoga Chips	Lettuce and Tomato Salad
Individual Ice Cream	Cakes
Roquefort	Cigars.

### A FRIEND THAT WAS A FRIEND.

Don't frown—look pleasant. If you are suffering from indigestion or sour stomach, take Kodol Dyspepsia Cure. Hon. Jake Moore, of Atlanta, Ga., says: "I suffered more than 20 years with indigestion. A friend recommended Kodol. It relieved me in one day and I now enjoy better health than for many years." Kodol digests what you eat, relieves sour stomach, gas on stomach, belching, etc. Kodol strengthens the digestive organs, sweetens the stomach, and enables you to eat, digest, assimilate and enjoy whatever you like. Sold by J. W. Gayle.

### NEARING THE CLOSE.

As the end of the session of the Legislature draws near the rush to get the bills of each particular member through has become peculiar. The Committee on Rules, in each house, has charge of things, and only such bills as these committees direct can be reported to the House or Senate. The pressure upon that committee has been simply terrible.

### WELL WORTH TRYING.

W. H. Brown, the popular pension attorney, of Pittsfield, Vt., says: "Next to a pension, the best thing to get is Dr. King's New Life Pills." He writes: "They keep my family in splendid health. Quick cure for Headache, Constipation and Biliousness. 25c. Guaranteed at all druggists."

### MONDAY AFTERNOON'S BLAZE.

About half after 3 o'clock, on Monday afternoon, an alarm from box 18 called the department to the residence of Mr. Sperr, on Logan street, where there was a blaze in the roof. It was quickly extinguished with only about \$50 to \$100 loss.

## Every Two Minutes

Physicians tell us that all the blood in a healthy human body passes through the heart once in every two minutes. If this action becomes irregular the whole body suffers. Poor health follows poor blood; Scott's Emulsion makes the blood pure. One reason why

## SCOTT'S EMULSION

is such a great aid is because it passes so quickly into the blood. It is partly digested before it enters the stomach; a double advantage in this. Less work for the stomach; quicker and more direct benefits. To get the greatest amount of good with the least possible effort is the desire of everyone in poor health. Scott's Emulsion does just that. A change for the better takes place even before you expect it.

## EDUCATIONAL.

Contributed by the Educational Improvement Commission of Kentucky.

The officers and members of the Educational Improvement Commission of Kentucky are the recipients of many congratulations from the friends of education and progress over the unanimous vote in the House of Representatives, Friday, March 2, for the establishment of two State Normal Schools in Kentucky.

The ten thousand long-suffering, earnest, conscientious, overworked, half-paid school teachers will hail the news with great joy. The intelligent citizens of the State who know the value of a trained teacher, will now look forward to a brighter day for their children and their neighbors' children; it is indeed a hopeful sign. This forward step will prove to be the most far-reaching in its effects upon the future prosperity of Kentucky of any educational measure ever passed; and, should the bill pass the Senate, as it doubtless will, it will mark a distinct epoch in the educational history of this Commonwealth, as well as immortalize the patriotism, wisdom and foresight of the Legislators who stood for its passage.

The bill provides for two schools, the location of which is to be left to open competition among the towns and cities of the State desiring the location of same. A Commission of seven, composed of one member from each Appellate Court district, is created, whose duty it is to hear all bids and propositions, and to locate the schools in the places

offering the most advantageous conditions, everything considered. Each school is to have a Board of Regents of five members of which the Supt. of Public Instruction is ex-officio chairman. These boards have general management of their respective schools.

There is also provided a Normal Executive Council composed of the Superintendent of Public Instruction and the Presidents of the two schools. This council determines the course of study and the requirements for admission and graduation.

Ten pupils from each county may receive free tuition in these schools, provided they pass the required examination and sign an agreement to teach not less than three years in the schools of Kentucky. Reasonable tuition will be paid by other students.

The bill appropriates \$50,000.00 for the two schools, to be expended as follows: \$5,000.00 each for equipment; and \$20,000.00 each annually for running expenses.

It is to be regretted that the State Treasury is in such a depleted condition that it is impossible for the present Assembly to appropriate more liberally for this most important work; but the start is a good one, and we trust that future legislators may see their way clear to appropriate liberally enough to bring this State up to a level educationally with her sister States.

Missouri's last Legislature, after having witnessed the good work of her State Normal Schools for 26 years, at one stroke doubled the annual appropriation for the maintenance of her two Normals, and in addition voted to establish two more, which have since been located by the Normal School Commission at Springfield and Maryville.

People in Missouri are very particular in many respects: The Missouriian says, "You must show me," but when he has been shown, he no longer hesitates. Kentuckians ought to act with as much decision.

Twenty thousand people petitioned the members of the Kentucky House of Representatives to pass our Normal School Bill. They passed it with unanimous vote. It is now up to the State. Let every friend of the cause write to his Senator and urge him to support the measure. The bill is House Bill No. 112.

## COUNTY COURT DAY.

Notwithstanding the raw and unpleasant weather of Monday, there was a fairly good crowd of people in attendance upon county court.

But little stock, outside of horses, were upon the market. There were some good horses offered, but the prices were too stiff for the buyers, and not many sales were made.

The usual number of "crow-hairs" were, however, on hand, and were disposed of.

A few jacks and mules of inferior quality were offered with tolerable success.

Taken altogether, as a stock day, it did not amount to much.

## CLIMATIC CURES.

The influence of climatic conditions upon the cure of consumption is very much overdrawn. The poor patient, and the rich patient too, can do much better at home by proper attention to food, digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those that use German Syrup. Trial bottle free; regular size, 75c. At all drug gists.

## NEW TRAINS ON SOUTHERN RAILWAY.

Effective Sunday, February 25th, the Southern Railway will place in service two additional trains in each direction between Danville and Lawrenceburg. These trains will leave Danville at 7:05 a. m. and 2:30 p. m., connecting at Lawrenceburg with trains arriving Louisville at 10:40 a. m. and 4:30 p. m., respectively. In the return direction, trains will arrive at Danville at 1:30 a. m. and 7:10 p. m., connecting at Lawrenceburg with trains leaving Louisville at 6:10 a. m. and 3:30 p. m., respectively.

The immigration of these trains will enable the people of Lawrenceburg and other stations on the Danville Branch to leave their homes at a convenient hour in the morning and arriving at Louisville at 10:40 a. m. and they can then do their shopping and leave Louisville at 3:30 p. m., arriving at Lawrenceburg at 6:10 p. m. Danville at 7:10 p. m. and other stations correspondingly earlier. The new trains will be accommodated trains, making all local stops. The train arriving at Danville at 10:10 a. m. will connect with Q. & C. train No. 5 for all local stations on Q. & C. Route south of Danville.

These local trains will be in addition to the present through trains, which are now being operated between Louisville and the southeast via Lawrenceburg and Danville, and should prove a great convenience to the traveling public.

Train No. 1 will leave Louisville at 7:50 a. m. Instead of 8 a. m. and will reach Danville at 10:50 a. m., connecting with Q. & C. train No. 5, also with train No. 1, "The Florida Limited," for Florida and all points south.

Train No. 21, carrying observation sleeper, which is operated through without change from Louisville to Jacksonville and St. Augustine, Fla., in connection with "The Chicago & Florida Special" from Danville, will continue to leave Louisville at 7:10 p. m.

This New Train Service should prove of great convenience to people of Danville, Lawrenceburg and other points, as it will enable them to do their shopping in Louisville and return home the same day and it is thought that this will have the effect of causing shoppers to go to Louisville instead of Cincinnati and other points.

Scene from "Leah Kleschna," to be presented by Mrs. Fiske and her All-Star Manhattan Co. at Capital Theatre, Frankfort, Ky., Wednesday, Mar. 14.

### MRS. FISKE.

America's Peerless Actress Comes to Capital Theatre for One Performance Wednesday, March 14.

The engagement of Mrs. Fiske and the Manhattan Company in "Leah Kleschna," at the Capital Theatre, Frankfort, on Wednesday, March 14, should not be missed by any lover of a fine play, brilliantly acted. For five months at the Manhattan Theatre, New York, last season, and during a supplementary engagement this year, "Leah Kleschna" for its own merits and for its interpretation, was the talk of the metropolis. The same cast that acted it there will appear here. "Leah Kleschna" is a singularly powerful drama of modern life, with scenes laid in Paris and near Neustadt, Austria, at the present time. Mrs. Fiske is seen in a role that is different from any she has hitherto played. The daughter of a noted criminal, Leah has been trained by him as his assistant in thefts of uncommon dimensions and audacity. One of these thefts brings her face to face with a man—the most discussed Frenchman of the hour—whom she has admired from afar. He does not arrest her, upbraid her, or laugh at her. He is not even sentimental over her. He

simply understands her as no one else and sympathetically rouses the other and better woman that is in her. In the end that conquers, the more easily when love enters. The girl leaves her father and his associates and goes back to the lettuce field where her mother had labored—there to find peace. There, too, she finds happiness, when the man who has awakened her moral sense comes to take her to his home. It is a fresh idea for a play and worthy of Mrs. Fiske's intelligence. Mrs. Fiske gives a superb study of the girl's automatically criminal nature and denotes admirably the change that comes with her moral awakening. The psychological, as well as the dramatic side of the character, is fully realized, and Mrs. Fiske's triumph as Leah has been complete. This personal success is all the more notable since it shines out among the brilliant performances of her associates in the cast. No star within memory has been surrounded by such a group of players as John Mason, George Arliss, Frederic de Belleville, William B. Mack, Claus Bogel, Charles Balsar, John Emerson, Charles Perry, Frank Eastwood, Emily Stevens, Belle Bohn, Fernanda Elisen, Mary Maddern and Martha Roberts are others in the cast. The play was staged under the direction of Mrs. Fiske, whose methods

dominate every scene. The setting of the first and fourth acts show the home of the Kleschnas, typical Paris lodgings. The second and third acts picture Sylvalie's mansion at Saint Cloud. This scene is a richly appointed library, pure French renaissance in architecture and furnishings. The fifth act, most important of the play from a scenic standpoint, reveals a vista of lettuce fields, steeped in sunshine, with the foreground shaded by a grove of apple trees.

### LAFAYETTE'S PRIVATE CAR.

A palace built on wheels; a costly house that travels with all of the necessities of an elegant private residence. Newspaper men who have had the privilege of inspecting the private car belonging to the great Lafayette, are lavish in their praise of its remarkable adaptiveness for the pleasure and comfort of this gentleman who has amused and entertained millions of people in the leading theatres of this country and Europe.

The car is elegantly and substantially built throughout. It contains a reception room, dining room and sleeping room all in one. Beyond are a kitchen and bath room and in the rear end of the car there is a stable and a repository for the accommodation of four horses and three vehicles.

## 1,000,000 Shingles

## Hammond & Co.'s.

The feature of the car is the novelty of the furnishings. Like the weird magician that he is, Lafayette makes footstools spring into card tables and typewriter desks by a single turn of the wrist. In a like manner, a large day-report is turned into a beautiful bed, and for the sake of having plenty of room, Lafayette does the interesting stunt of having big roomy chairs fall into nothingness—almost.

The car is furnished in green and gold, and when it is running a thousand little electric lights gleam in odd and bizarre designs from the walls and ceiling. The revolutions of the car wheels furnish the motive power for the generation of the electricity.

The car in its entirety is probably the most sumptuously furnished private conveyance in existence. At Capital Theatre Saturday, March 10.

### STATE CROP REPORT

The following is the crop report for February, as issued by State Agricultural Commissioner Vreeland:

The first report issued by the Agricultural Department for the year 1906 shows the condition of the agricultural interests to be in fairly good shape. The winter was an exceedingly mild one up to the 1st of February. But the ground hog saw his shadow, and has gotten in some pretty good work in the way of winter since that time.

The wheat crop has stood the winter well, and is in good condition for the first of March. Winter oats, rye and barley all promise well. The burning of plant land for tobacco is progressing nicely, and if the weather remains open that part of the spring work will be over in a few days.

A considerable amount of both barley and dark tobacco remains unsold. Grasses of all kinds are doing well, except clover. The clover, however, that survived the summer and fall has stood the winter in good shape, and promises a good crop the coming season. Live stock is coming out of the winter in better condition than usual. There is a great complaint of scarcity of hogs in many localities. Cholera is prevailing in several counties. Sheep are also scarce. The high prices of mules have caused a great many to be marketed and carried out of the State that otherwise would have been kept. Plowing for the spring crop has begun, and the farmers are getting busy and are

well up with their work for the time of year.

The following figures represent the condition of the agricultural interests of the State, as compared with March 1, 1905:

	Per Cent.

### DISTINGUISHED AND GAL- LANT SOLDIER DIES.

Lieut. Gen. John M. Schofield, U. S. Army, died in St. Augustine, Fla., on Sunday last of cerebral hemorrhage.

He was the last of the long line of distinguished commanders of corps in the Federal Army during the Civil war.

His remains was laid to rest in the Arlington Cemetery, at Washington City.

### OF INTEREST TO FRANK- FORT PEOPLE.

After higgling and squabbling for more than a month, the Versailles City Council has finally given the Central Kentucky Traction Co. what the company asked as to right of way. The following dispatch tells the story:

Versailles, Ky., March 7—(Special)—The City Council revoked its former action in the matter of a franchise to the Central Kentucky Traction Company and granted a new franchise giving the company right of way for its tracks in this city for the Lexington, Versailles and Frankfort electric railroad down Lexington street to Main and north on Main to either Elm street or the Frankfort turnpike. This is the route that was requested by the traction company. The franchise requires the use of girder rails on the streets of Versailles.

### COUNTY UNIT BILL PASSED.

The Anti-Saloon League won a notable victory on Thursday last. What is known as the Chinn substitute for the Cammack bill, came up for action in the House. The amendment, virtually restoring the Cammack bill, was adopted by a vote of 70 to 22. It was then taken to the Senate, where, after an exciting episode occurred (in which Lt. Gov. Thorne attempted to strangle the measure by referring the question of concurrence to a committee), the question was finally put and the amendment was concurred in by a vote of 34 to 3.

Thus ends one of the hardest fights of the session.

TUESDAY NIGHT'S BLAZE.

An alarm from box 24, at 6:44, on Tuesday evening, called the department to the cottage of Mrs. Duval, on Holmes street, where a small blaze on the roof was making headway. It was quickly extinguished after the boys arrived on the scene.

THE BEST SAFEGUARD.

The best safeguard against headaches, constipation and liver trouble, is Dr. Williams' Pink Pills. Keep a box of these famous little pills in the house and take one at bed time when you feel that the stomach and bowels need cleansing. They don't gripe. Sold by J. W. Gayle.

WILL PROSECUTE.

The will of the late Mr. Burr Bridge, Blackhawk, of Woodlake, was probated in the county court on Monday last. It was very short and simply divided all his property of every kind to his devoted wife.

STARVING TO DEATH.

Because her stomach was so weakened by needless dragging that she could not eat, Mrs. Mary H. Walters, of St. Louis, Mo., writes: "My stomach was so weak from needless drugs that I could not eat and my nerves so wrecked that I could not sleep, and not before I was given up to die was I induced to try the Electric Bitter, with the wonderful result that improvement began at once, and a complete cure followed." Best health tonic on earth, safe, guaranteed by all druggists.

LISTEN TO THIS.

The Kentucky Children's Home Society has sixty boys and girls between the ages of three and nine for whom they desire good, Christian homes. These children are unusually bright and attractive, and we guarantee that no family will be disappointed in a child we send them.

The winter months have given us an enormous amount of work to do. We are receiving more children now in a month than we formerly did in a year and, as a rule, the children are much brighter and much better looking and much easier controlled than children we formerly handled.

Will you not show your interest in this great work for humanity by giving a home to one of these little ones? Unless you have a first class home in every respect, and unless you are moral and stand well in your community, do not apply, as we will, under no circumstances, place a child in a home unless it can get the very best advantages.

This is the Master's work, inasmuch as he said "Suffer little children to come unto Me and forbid them not." If you are interested in this charity, and would like to take a child, please address the Kentucky Children's Home Society, No. 2116 Van Buren Avenue, Louisville, Ky.

Yours very respectfully,  
GEORGE L. SEHON,  
State Superintendent.
